

Introducing Mommy & Me Toddler Story Time

Toddlers have unique learning needs. We've created a special fast-paced **FREE** story time for 1-, 2-, and 3-year-olds (and parents) to enjoy interactive stories, songs, and games that encourage emerging language skills. This 30-minute class includes finger plays, puppets, interactive felt-board, bubbles, and experiments, along with a variety of other highly engaging activities. Directly following this class, families are provided with an opportunity to explore our classrooms.

Upcoming Story Time Classes:
